

## **Call for proposals 2019**

### **“ Metabolism & Cancer ”**

**Deadline: April 12, 2019**

The *Institut Universitaire du Cancer de Toulouse (IUCT)* and the *Fondation Toulouse Cancer Santé (FTCS)* decided to jointly launch a new Call for proposals in 2019. This Call will support oncology projects focused on “**Metabolism & Cancer**” with an overall budget of € 400,000.

#### Objective

The objective of this Call is to encourage innovative projects in cancer research with specific aims including experimental or translational approaches for investigating the changes / deregulations of the metabolism in cancer, potentially leading to new therapeutic strategies.

#### Participants

This Call for proposals aims at drawing original programs of any team affiliated to the IUCT or Fondation TCS Network, alone or in collaboration with other teams from the IUCT or Fondation TCS Network.

#### Eligibility

All types of projects, from basic science to innovative advances in medicine or translational research in the field of cancer, will be eligible. However, the projects should be different from existing programs and include risk-taking hypotheses.

#### How to apply

Until April 12, 2019 on-line:

<https://www.toulousecancer.fr/missions-et-projets/appele-a-projet/>

The complete proposals must include:

- A title (both in French and English) and acronym
- A short summary (both in French and English)
- The CV of the project leader (1p) and the partners (1p each) if any
- The full proposal (5 p max including references)
- The list of 5 publications of the project leader and the partners (5 publications each) if any
- The description of the budget.

*The proposal should include in a 5-pages document:*

- *the objective of the work*
- *the background*
- *the methodology*
- *the techniques used*
- *the expected results*

*One optional page with figures (pdf) will be added to this document.*

### Budget and duration

The budget will be detailed in the project which can last for 2-3 years.

All expenses are eligible as long as recommendations made by the SAB are respected.

Depending on the quality of the projects, **between 2 and 4 projects** will be selected.

Therefore, **each project may be awarded up to a maximum of € 200,000.**

### Assessment

The full proposals will be evaluated by the Scientific Advisory Board (SAB) selected for this Call.

The criteria to assess grant applications relate to the following general areas:

- Expertise of the team(s)
- Scientific excellence
- Originality
- Innovation
- Clarity and appropriateness of the methodologies
- Feasibility of the project.

Depending on the number of submitted proposals, a preselection of proposals will be made by the SAB.

### Schedule

February 4, 2019  
**April 12, 2019**

Launching of the Calls for proposals  
**Deadline for the proposals**

June 2019  
June 2019  
June/July 2019

Audition by the SAB  
Decision by the Board of Fondation TCS  
Board of IUCT

All these documents will be loaded before April 12, 2019 on-line:
